

# DAVID GILMOUR

## Remember That Night

EMI

★★★★☆

**THE PINK FLOYD STALWART REIGNITES HIS SOLO CAREER.**

To celebrate his third solo effort, *On An Island*, topping the British charts in 2006 and a resurgence of interest in all things Pink Floyd, David Gilmour played the whole album (in order) at London's Royal Albert Hall, bookended by Floyd staples such as *Breathe* and *Wish You Were Here*. The gentle but lavishly lit spectacle shows a man musically reconnecting. Robert Wyatt, David Crosby and Graham Nash make fascinating guests and David Bowie adds a frisson of electricity when he duets with Gilmour on *Comfortably Numb*.

**EXTRAS:** 160 minutes of docs and performances.
